Financials

Commercial Support Received? No

Merit-Based Incentive Payment System (MIPS)

The goal of this section is to facilitate data collection that will demonstrate the scope of CMS MIPS activities. The ACCME is collecting this data as a service to CME providers and other stakeholders. This section is not required to meet year end reporting requirements.

Does this activity meet the requirements of a MIPS improvement activity? (Optional) Unknown

Maintenance of Certification

The goal of this section is to facilitate registration of activities that meet the requirements of the Maintenance of Certification (MOC) or Continuing Certification programs offered by medical certifying boards.

Would you like to register this CME activity for MOC so that physician attendees may receive MOC credit? No

Food and Drug Administration (FDA) Risk Evaluation and Mitigation Strategy (REMS)

The purpose of this section is to facilitate data collection that will demonstrate the scope of REMS activities. The ACCME is collecting this data as a service to the providers, the FDA and other stakeholders. This activity can be closed, and your year-end reporting requirements can be met without this data.

If this activity addresses an FDA REMS, select the REMS in the drop-down list below. If your activity does not address an FDA REMS, leave the default selection of "Not a REMS Activity". If your activity received commercial support from the REMS Program Companies (RPC) under the REMS blueprint issued in September 2018, please select Opioid Analgesic Risk Evaluation and Mitigation Strategy (REMS) in the drop-down list. If your activity addresses the earlier Extended-Release (ER) and Long-Acting (LA) Opioid Analgesics Risk Evaluation and Mitigation Strategy (REMS), then please select that option in the drop-down list.

Not a REMS Activity
