

## Poison Control Center Practice Time

Can list hours/week and add for total time over 2-year period

Look at total number of addiction related case (hard to choose what to include, but in addition to “drugs of abuse”, would include alcohol. Consider looking at % of cases that are applicable and multiple by your hours.

- opioid cases
- intentional use or misuse
- withdrawal cases

Describe your role in the cases:

- If consultant, “provide consultation to staff and health care providers”
- If director
  - Include any guideline or protocol creation
  - Include any education for staff, public, or other health care workers
