Remote, Resource and Retrieval Challenges in Toxicology

The Western Australian Toxicology Service, on behalf of the Toxicology and Poisons Network Australasia, has great pleasure in inviting you to attend the 14th APAMT International Scientific Conference in Perth, Western Australia. APAMT 2015 will bring together Clinical Toxicologists, Specialists in Poisons Information and other interested groups from the Asia-Pacific region and around the world to present and discuss their scientific research, exchange information and build collaborative links.

Call for Abstracts Now Open!
