Medical Toxicologist Opportunity
John Peter Smith Health Network – Fort Worth, Texas

The Department of Emergency Medicine at John Peter Smith Health Network in Fort Worth, Texas is seeking a Medical Toxicologist to join their education team. The program at JPS was established in 2011 as a fully accredited three-year program with 15 residents per class. Seeing over 130,000 patient visits per year, the county hospital population provides incredible learning opportunities in both volume and pathology. The department supports fellowships in ultrasound, administration and education.

Qualifications:

Candidates for this position need to be BC/BE (ABEM/ABOEM) in Emergency Medicine. Fellowship trained in Medical Toxicology, BC/BE for subspecialty certification in Medical Toxicology. Must possess strong interest in advancing education in Medical Toxicology and be a vital contributor to the development of toxicology service.

Fort Worth:
Offering both big-city excitement and quiet suburban living, the Fort Worth metropolitan area has an interesting mix of Texas pride and cosmopolitan attractions. Fort Worth possesses numerous cultural and entertainment attractions including the nationally ranked Fort Worth Zoo, a world-class museum district, the Bass Performance Hall, the Historic Stockyards District, Sundance Square, and the Texas Motor Speedway.

Offering:

- Competitive salary with protected time to accomplish educator responsibilities.
- Academic Appointments available at the University of North Texas, Texas College of Osteopathic Medicine and Texas Christian University School of Medicine with rank commensurate with experience.
- Employee status with benefits including medical, dental, vision, 401K with matching available and CME allowance.
- Occurrence based malpractice insurance coverage provided.
