

Emergency Medicine Medical Toxicology Opportunity

About the Opportunity

The Department of Emergency Medicine at St Joseph's Medical Center, Stockton, California is seeking a BE/BC **Medical Toxicologist**. The academic appointment in Graduate Medical Education is with Emergency Medicine, and clinical appointment is available with Emergency Medicine, or with another primary clinical division depending on primary specialty. Clinical work can also be available for those specializing in Internal Medicine, Pediatrics, Neurology or Psychiatry.

This position primarily focuses on the further development of our inpatient toxicology service and broadening our core toxicology rotation for our EM residents, and electives for our medical students, and FM, IM, TY residents and others. Faculty will also participate in Tox – focused didactics and SIM sessions. Faculty will also engage in growth, development and implementation of Ed and Inpatient Toxicology consultation service.

The Emergency Department serves over 100K patients/ year and is a STEMI, Stroke, and ROSC receiving center. We are one of the largest EMS receiving centers in the San Joaquin Valley, serving a socio-economically disadvantaged population. The EM residency, founded in 2018, has 12 residents per year, and the GME program also supports residencies in IM, FM, transitional year, psychiatry, neurology, anesthesiology, orthopaedic surgery, and urology, as well critical care, cardiology, and an US and SIMulation fellowships.

In addition to competitive compensation you will also be offered:

- Protected time to accomplish educator responsibilities
- medical benefits
- life insurance/disability
- retirement plan
- paid malpractice insurance

About the Community

Stockton is a vibrant, culturally diverse city in California's Northern Central Valley; 45 min south of Sacramento, 90 min east of San Francisco. It is a quick drive to Lake Tahoe, Yosemite, the Coast and many other outdoor amenities, all with a comparably lower cost of living.

St. Joseph's Medical Center is a regional hospital with 355-beds. We offer many services, including a behavioral health center, cancer institute, obstetrical and neonatal care, and broad surgical services. St. Joseph's Medical Center is dedicated to delivering high quality, compassionate care, and gives access to Stockton and nearby communities. Nationally recognized as a quality leader, St. Joseph's is consistently chosen as the "most preferred hospital" by our community. We are affiliated with Touro University College of Osteopathic Medicine California, and our faculty all have academic appointments within the medical college.
